

'Growing & Learning in Christ through Faith, Family & Friendship'

Holy Trinity CE Primary School

24th May 2024

This Week...

We have had a very busy end to this half term. Year 6 have sat their KS2 SATs and behaved exemplary. They turned up to breakfast club every day with smiles on their faces, they listened to instructions well and tried their very best. We are very proud of them whatever the outcome. Reception led their class worship this week and appeared so confident, singing songs and talking to us about all the exciting things they have got up to this term. On a safety note, it has been brought to our attention that some of our children have been approached in and around Scott Park by a man trying to sell sweets from a black van. Class teachers have spoken to the children to remind them of 'Stranger Danger' but please be vigilant and have a chat with your child if they do play out in that area. The half term holiday is now upon us and we look forward to the last few weeks before we break up for Summer. We have lots of things planned and look forward to preparing our Year 6 for high school in the coming weeks....and their final production! Have a lovely week off and a reminder that we open on TUESDAY 4th June!

God's Big Question

Is it worse to fail at something or never attempt it in the first place?

OPAL Playground

We have recently been working with OPAL in looking at the provision we currently offer and how we can improve this for the children. This programme is designed to sustainably improve the quality of children's play opportunities. Research shows that play contributes to improving children's physical and emotional health and well being and aids learning and enjoyment of school. Results can be transformational. We will keep you updated as we learn more and make progress with this scheme. Sponsored Colour Run

Just a reminder of our date for the Sponsored Colour Run which is now taking place at 2pm on Friday 7th June which you are invited to. From 2pm, the children will be coming out onto the field and having their photos taken having some 'coloured powder fun.' We hope to be organised to start the race at approximately 2:30pm. The children will then be dismissed at the end of the race to yourselves to avoid going back into school. If you travel home by car, I have been told it may be advisable to bring carrier bags to sit on!

Beach School

Your child should have brought home a letter this week regarding some upcoming trips to Fylde Beach School. All the classes in school will be visiting the beach in July. Through a variety of games and activities, Beach School sessions aim to educate the children about the coast line and how they can help to sustain it for future generations.

Beach School Vision:

'We believe that if a child has not had the opportunity to play and learn at the beach, they will not grow up feeling a connection to their local coastline. If the next generation is disconnected from the coast, they will not feel passionately enough to want to conserve and protect it in the future.'

If you wish to find out more and see some of the activities on offer, please visit: <https://www.livingseasnw.org.uk/fylde-beach-school>

Could all parents please ensure that you return both the consent and medical forms to school promptly.

People Judge You For Your Outward Appearance But God Sees Your Heart and Knows Your True Intentions

Thought for the Week....

In worship this week we talked about first impressions and how important these were. In the bible it tells us that God judges only by our hearts.

Attendance

Don't forget **school starts at 8:55am**. Please ensure you are on time! Our Weekly attendance figure is as follows:

School: 94.4% National : 92.8%
(Dofe W/c 29.04.24)

Well done to all our children that are here and on time!

Snapchat

Recently we have had reports from parents about the use of snapchat and group chats which happen outside of school hours. We take online safety very seriously and talk to the children a great deal about keeping safe online. We do, however, need your support in keeping your child safe and 'emotionally well.' As you will be aware Snapchat is a platform for users at least 13 years old. I know many children in school are snapchat users and many parents have access to their child's phone in order to monitor their usage. There are some really useful guides and tips to help your child on the NSPCC link below. These include many settings on the app such as a family centre (which gives you an overview of your child's activity,) how to limit contact with adult users and many more features.
