

'Growing & Learning in Christ through Faith, Family & Friendship'

Holy Trinity CE Primary School

7th March 2025

Dear Parents/Carers,

Next week, I'm excited to announce our upcoming Science Week. This year's theme, 'Change and Adapt', promises to be both engaging and thought-provoking. We will be holding extra Science activities in school and also hosting a competition. This year's theme is change and adapt and we are asking the children to design and make an animal that has changed and adapted. The winner will receive an Amazon Voucher. Keep an eye out for a competition letter that will be sent home soon, offering our children a chance to showcase their scientific curiosity and creativity.

Secondly, we are re-organizing our current offer of educational visits in school. Mr Crowther has been working hard to provide a programme of residential visit opportunities in various year groups. Our current Year 4 children have been given the opportunity to visit Laches Wood, Wolverhampton. If you wish your child to go and you have not yet returned your deposit, please do so asap.

As always, your support in these matters is greatly appreciated. Together, we continue to nurture an environment where our pupils can thrive and reach their full potential.

Have a lovely Weekend, Mrs Whitaker

Comic Relief 2025

On 21st March we will be celebrating Comic Relief Day in school with a Red Nose Day.

On this day we are asking you to send your child in something red (if they wish) and to send £1 in to school as a donation. Your child can also bring in a further 50p to enter our competition of 'Guess the name of the Dragon!' Let's do it together and support incredible projects which help children to be happier, families stronger, women safer, communities prouder, and millions of lives fairer.

EASTER Hat Competition

Design and make an Easter Hat in any style for our Easter Parade. There will be a winner for each class!

Thought for the Week.....

EYFS led their first worship in school this week. We were so proud of how confident and amazing they were.

Our WOW Worship Easter Day is a wonderful way to engage our children in learning about the life of Jesus and the significance of Easter.

This interactive journey is designed with various stations around the school, each offering a unique experience. Stations include: gardening, craft, songs, refectioin time, prayer stations and an egg hunt where the children will discover the events that took place during Holy Week.

The journey culminates in a final celebration at St Matthews' Church 1:30pm, where parents and careers are invited to join our school family.

This inclusive and immersive experience not only educates but also brings our school community together in celebration.
